

“We will walk together in love.”

(from the Church Covenant of First Baptist Greensboro)

As a covenant people, we commit to share responsibility for keeping one another safe.

As Church Members

We will not come to the church campus if we have a fever, cough or other symptoms.

We will wear masks when we are together.

We will consider masking optional for outdoor gatherings at the discretion of the group.

We will encourage and support these practices with one another and with newcomers.

As Church Leadership and Staff

We will provide safe indoor, as well as online and outdoor gatherings so that all can learn, worship and fellowship in community safely.

We will plan outdoor and indoor gatherings that are inclusive and safe for all ages able to attend.

We will clean and sanitize after every gathering.

We will offer alternatives to practices such as passing offering plates, communion elements and bulletins.

We will monitor variants and infection rates and regularly evaluate and adapt plans as needed.

Gathering Covenant adopted by the Deacons in July, 2020. Most recently updated in August, 2021.
